

Resort Beach

The place to see and be seen.

Our three-mile boardwalk is only part of what makes the Resort Area so irresistible. From Croatan Beach to the south, up to the North End Beaches, this is where Virginia Beach reveals its outgoing nature. There's a park-like atmosphere here that goes on for miles.

With a separate bike path, the boardwalk is perfect for roller-blading, jogging or just strolling. Sunbathers come for the wide sandy beaches. Surfers come for the waves. Everyone comes for the people-watching.

Chesapeake Bay Beach

Some secrets are meant to be shared.

Kinder, gentler waves, can be found in the calm waters of the Chesapeake Bay, just off Shore Drive. From swimming to sand castles to volleyball, all the traditional beach rituals are here. And nothing beats an evening stroll or dining at a fine restaurant as the sun sets over the Chesapeake Bay Bridge Tunnel. Anglers can fish from the shore, Lynnhaven Pier, or launch a boat and head out to the heart of the Bay. Runners, bikers and campers can explore the lush green of First Landing State Park.

GETTING THERE: From the Resort Area head north on Atlantic Avenue until it turns into Shore Drive. Continue west, through First Landing State Park to the Bay Area.

Sandbridge Beach

Coastal village charm in its natural state.

Located 15 miles south of (and 180° opposite) the Resort Area, Sandbridge is a secluded beach hideaway of pristine sand dunes and dancing sea oats. Beachside, the Atlantic never fails to entertain. And for those craving even more of the great outdoors, the marshes and open waters of Back Bay National Wildlife Refuge and False Cape State Park make for great kayaking, biking, hiking, birding and fishing. Vacation rental homes and condominium rentals are available year-round.

GETTING THERE: From the Resort Area head south on Pacific Avenue which turns into General Booth Boulevard, then left onto Princess Anne Road. Continue straight onto Sandbridge Road.

Items listed throughout the guide are identified by a color block, showing in which area of Virginia Beach you'll find a particular attraction or accommodation. This color-coded map shows the areas. For instance, a hotel at the oceanfront is identified by a ■, while a marina on the Chesapeake Bay carries a ■, and a pier in Sandbridge shows a ■. Some listings are offered at multiple locations throughout the City, and don't carry a color block.
